Dear Kier

I am pleased to advise that the Public School Review of Jerdacuttup Primary School has been completed. I endorse the report and am satisfied it will provide a basis for sustained school improvement.

The timeframe for the next Public School Review of your school has been determined through your self-assessment submission and validated by the review team as 3 years. The review is scheduled for 2026. You will be formally notified in the 2 terms leading up to your school's scheduled review.

I acknowledge the efforts of you and your staff in creating the conditions for successful students. The areas your school and the review team validated for commendation and those for which there are recommendations for ongoing improvement are noted.

Your commitment to the school over such a long period of time is clearly appreciated by the community, along with your ability to maintain a contemporary and broad view of trends in education to meet the needs of your students. Your school community's individualised care for all students based upon deep knowledge of their circumstances and interests is no doubt a key to the school's success in meeting their educational needs. The desire by all stakeholders to be 'seen' by the wider education system is commendable and I am sure that this report will go a long way in ensuring that happens.

As stated in the initial correspondence, please make the report available to your staff and school community and upload it to your school website and/or Schools Online for a minimum period of 12 months.

I know you, your staff and school community will take the opportunity to use this report to continually improve outcomes for your students.

Yours sincerely

Melesha Sands
